

As you may be aware there is a crisis in cheffing in Northern Ireland, both in quality and quantity. Unfortunately, this has now affected The Boat House Dining as we struggle to find someone to deliver the quality of cooking we are looking for to compliment the award-winning work of our service team.

We have therefore made the decision to close for a few weeks rather than compromise our standards. We know that this will be a disappointment for our guests. It is unfortunately the only way to keep The Boat House Dining at the level it should be at. Vouchers that are due to run out will be extended by 6 months or can be used at our sister property the Salty Dog Hotel & Bistro.

To keep up-to-date with what is going on and access special offers and invites to preview nights, once our new Head Chef is in place, sign up to our mailing list on our website or like our facebook page

CVs for both kitchen and front of house are invited to be sent to
